

Boost4Youth Project Kicks Off

The Boost4Youth project kicked off at the headquarters of Emphasys Centre in Nicosia, Cyprus on 11th September 2018. The months that followed have seen intensive work and research preparing for the development of the Project's innovative online training course and strategy Genie.

BOOST4youth is about helping young people become digital entrepreneurs by setting up online businesses which target foreign consumers through personalised digital strategies aiming to increase cross-border sales.

Boost4Youth is a collaboration between six partner organisations, all with different specialities, based in cities and countries across the European continent. These partners are:

[Subscribe](#)[Past Issues](#)[Translate](#) ▼

- CCS Digital Education (Ireland)
- Emphasys (Cyprus)
- AKNOW (Greece)
- Danmar (Poland)

The partners are looking forward to being able to share their work, the results of productive, efficient relationships and collaboration between them.

If you are interested in getting involved in Boost4Youth, please get in touch.
